Break time snacks

Please ensure your child only brings in a healthy snack for break times.

Nut-Free Zone

Please do not bring any products containing nuts (peanuts or tree nuts) into area.

Thank you for helping to keep our children safe.

ALLERGY FREE
100%

People who suffer from nut allergies can develop a severe, potentially life-threatening allergic reaction.

If someone has a nut allergy it is not just eating nuts that can cause a severe reaction, just being touched on the skin or smelling the breath of someone who has had nuts or a product containing nuts can trigger anaphylactic shock (which can cause breathing and swallowing difficulties).

First aid staff in the school are trained to use the Epi-pens (an injection of adrenalin) which is required immediately if this happens.

We cannot have nuts in school in any form.

Please can we ask that you have **no nut** products in the lunch boxes or brought into the school as treats.

For example Peanut butter sandwiches, Chocolate spreads, Cereal bars, some granola bars, Cakes that contain nuts, Biscuits / Cookies that contain nuts, Satay Sauces. Boxes of variety chocolates.

This list is not exhaustive, so please check the packaging of products closely. We appreciate that this is an additional thing to check and we know that you recognise the importance of it. We do have to insist **we are a nut free school.**

**The next PTA meeting will be held on
27th January 2023
at 9am, in the Library
Everyone is welcome and it would be great to see
you there to support the PTA.**

**Our PTA are kindly requesting donations of good
condition
School Uniform, Coats, Bags, Football Boots, Shoes
Any donations can be dropped off at the Office.
Thank you**

**The events held by the PTA will be advertised in
the weekly newsletter so please check weekly and
if you are available to help at any of them please let
the PTA know.
Thank you**

Ice Safety

Be careful around water in winter. Frozen water is dangerous and can have fatal consequences.

Our Advice:

- Never venture onto frozen water. Even if it appears thick from the bank, it can easily break and you do not know how deep the water is below or how thin the ice is.
- Do not be tempted to test the thickness of the ice. It is easy to slip from the bank and fall through into the freezing water.
- Time your walks to make the most of the daylight; if you need to walk in the evening only use well-lit areas or take a route that avoids water.
- Do not wander near the edge, icy or wet conditions could cause you to slip.

What to do if you fall through the ice:

- Keep calm and shout for help.
- Spread your arms across the surface of the ice in front of you.
- If the ice is strong enough, kick your legs to slide onto the ice.
- Lie flat and pull yourself towards the bank.
- If the ice breaks, work your way to the bank-breaking the ice in front of you.
- If you cannot climb out, wait for help and keep as still as possible. Press your arms by your side and keep your legs together. Keep your head clear of the water.
- Once you are safe, go to the hospital.

If you see someone fall through ice:

- Shout for assistance and phone 999.
- Do not walk or climb onto the ice to attempt a rescue.
- Shout to the casualty to 'keep still' and offer reassurance to keep them calm.
- Try to reach them from the bank using a rope, pole, tree branch, or anything else which can extend your reach, such as clothing tied together.
- When reaching from the bank, lie down to avoid being pulled onto the ice.
- If you cannot reach them, slide something which floats across the ice for them to hold onto whilst help is on the way.
- If the casualty is too far away, do not attempt to rescue them. Wait for the emergency services and continue to reassure the casualty.
- Make sure an ambulance has been called.
- Lay the casualty flat, check for normal breathing.
- Prevent them from getting colder by covering them with warm clothing and blankets.
- Create some shelter and get them out of the cold if possible.
- Do not rub their skin and do not apply hot water bottles.
