

Home Learning

The children continue to work so hard at home. Year 2 have created some 'Wanted' posters for their Pirate theme.

Whole school return

You may have seen lots of discussion in the media about when all pupils will be able to return to school. The Government are due to release more guidance on this. When we have received this guidance we will review the situation. Because of the large numbers of pupils currently in school full time and the social distancing rules, it will be difficult for us to admit any more year groups this end of the academic year. We may need to make lots of changes in a very short time to the current school and home provision to make it safe for everyone which just may not be possible. However, we will review the situation once we have received the guidance and of course will let you know. Thank you for your continued patience and understanding.

School Learning

We have had a great second week back. Lots of the children have been working hard.

Online Safety

The Government have produced some guidance for parents for online safety. These documents are available to view on the website on the home learning page.

This Sunday's Gospel

'I am the living bread which has come down from heaven. Anyone who eats this bread will live for ever; and the bread that I shall give is my flesh, for the life of the world. ' John 6: 51-58
